

# CARMEL SPECTRUM

CARMEL CONVENT SCHOOL, JAMMU

## GOING DIGITAL

After COVID-19 outbreak, when the situation got worse and there was no sign of school reopening anytime soon, the school moved to online teaching and learning programme on 1 April 2020. The staff was trained in all the necessary things needed to sustain the online educational delivery by the management, in which the manager, Father Shaiju Chacko, and the principal, Sister Maria Swati played a vital role. As a result, online classes on the app Zoom and Google Classrooms for computer Science were started. To make it easy for the parents and the teachers, the feedback was taken on a regular basis, and they have expressed their gratitude for the same and for the School's proactive educational response and online communication.

We tried to incorporate all the classes and subjects just to assure that the students should get an equal possibility of learning about each subject. The Schedule for online classes was prepared in advance by the administration each day and was checked by the authorities before implying it to avoid confusion. Feedback from students, parents and teachers was also important, so it was taken on the regular basis and the management tried to solve the problems.

We would like to thank and congratulate the staff for their remarkable commitment and hard work to ensure the strong continuity of Carmel's teaching and learning programme at this time of great challenge. We also record our immense gratitude and thanks to all the parents and families who have been so much part of this online educational journey over the last month. The school apps, Snap Homework and Campus Care, helped us to send all the notes and study material to students online where they can study and revise their lessons by downloading it. Also, all the other notifications related to the students- activities, homework, tests, etc. are uploaded there.

**DEAR CARMELITES,**

***New Beginning, New Challenges!***

Heartiest congratulations to all and warm welcome to an amazing 2020-2021 academic year! The management has left no stone unturned to provide our students the facilities which are missed due to lockdown. It has successfully flown to the situation and took a step to train the teachers to go on for online teaching and providing the help required through apps and social media. It is worth mentioning their passionate spirit in imparting education and look forward to partnering with parents and guardians as we continue to provide students with engaging, precise, and high-quality faith-based education. We have dedicated our time to share routines, procedures, and student expectations for the year.

Happy reading, I wish you all great health and stay safe.

- Sr. Maria Swati  
Principle

# ENGAGING STUDENTS

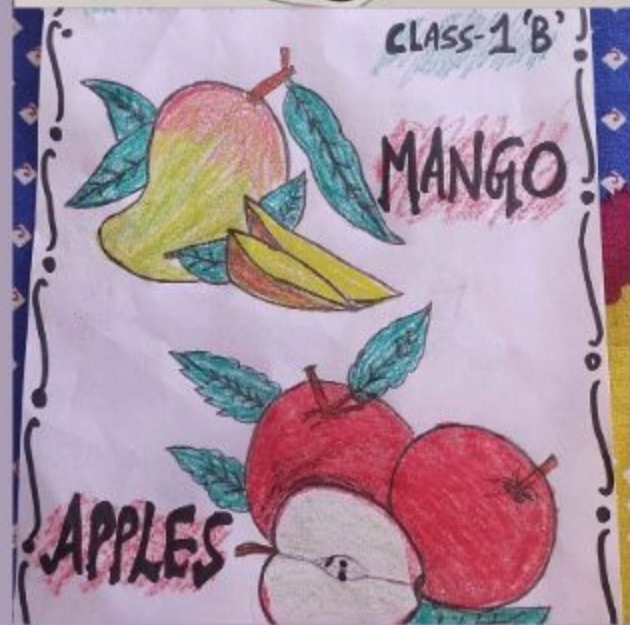

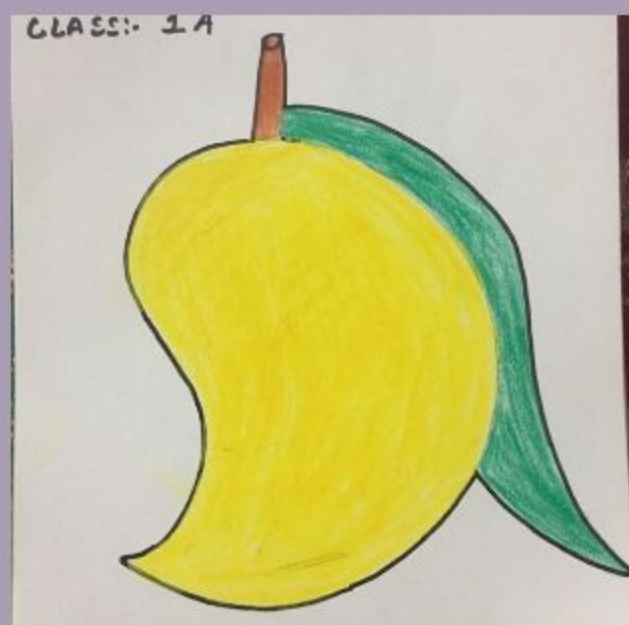

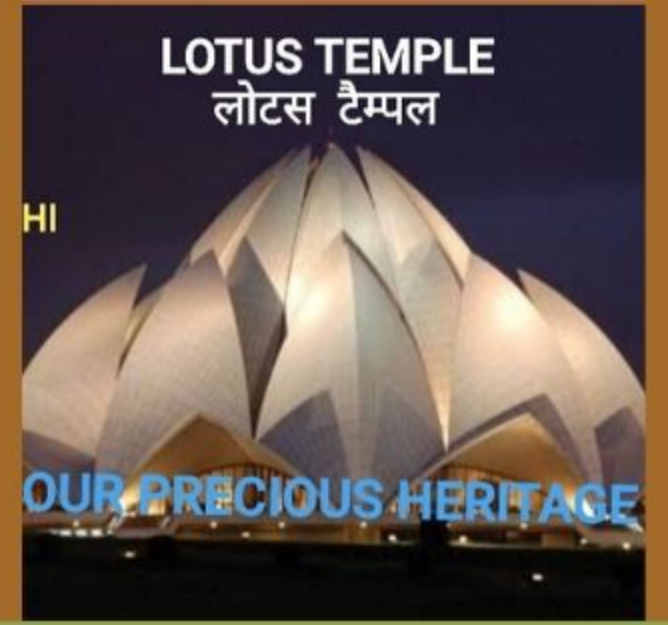

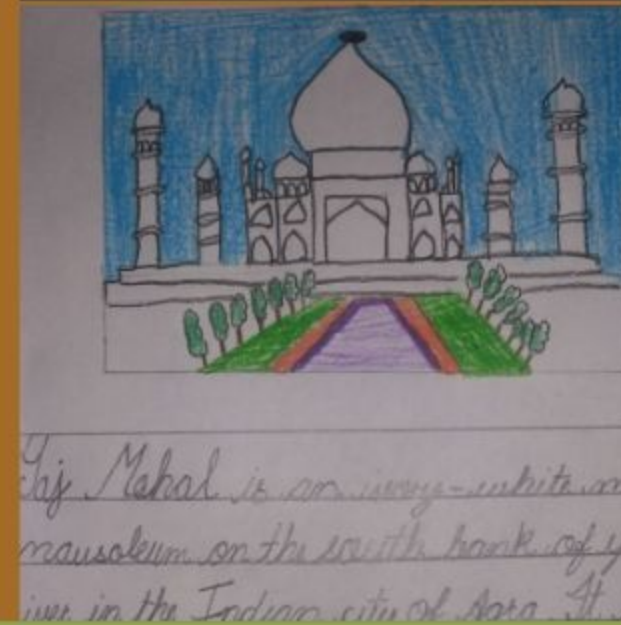

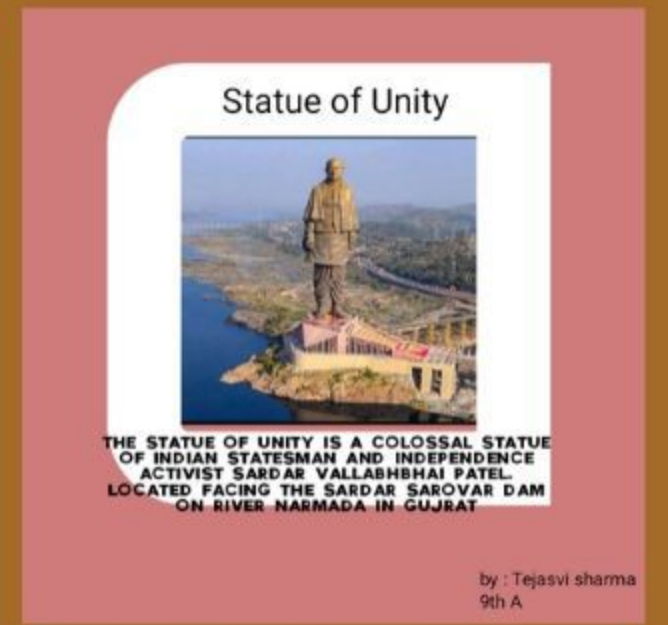

We believe connecting students with extracurricular activities is as important as academics. While millions are hanged by a single thread, Corona Virus, the management decided to engage Carmelites in fun activities that were given to all students classwise. After the completion of the activity, students sent photos of their work on email, and the winners for each activity were announced separately.

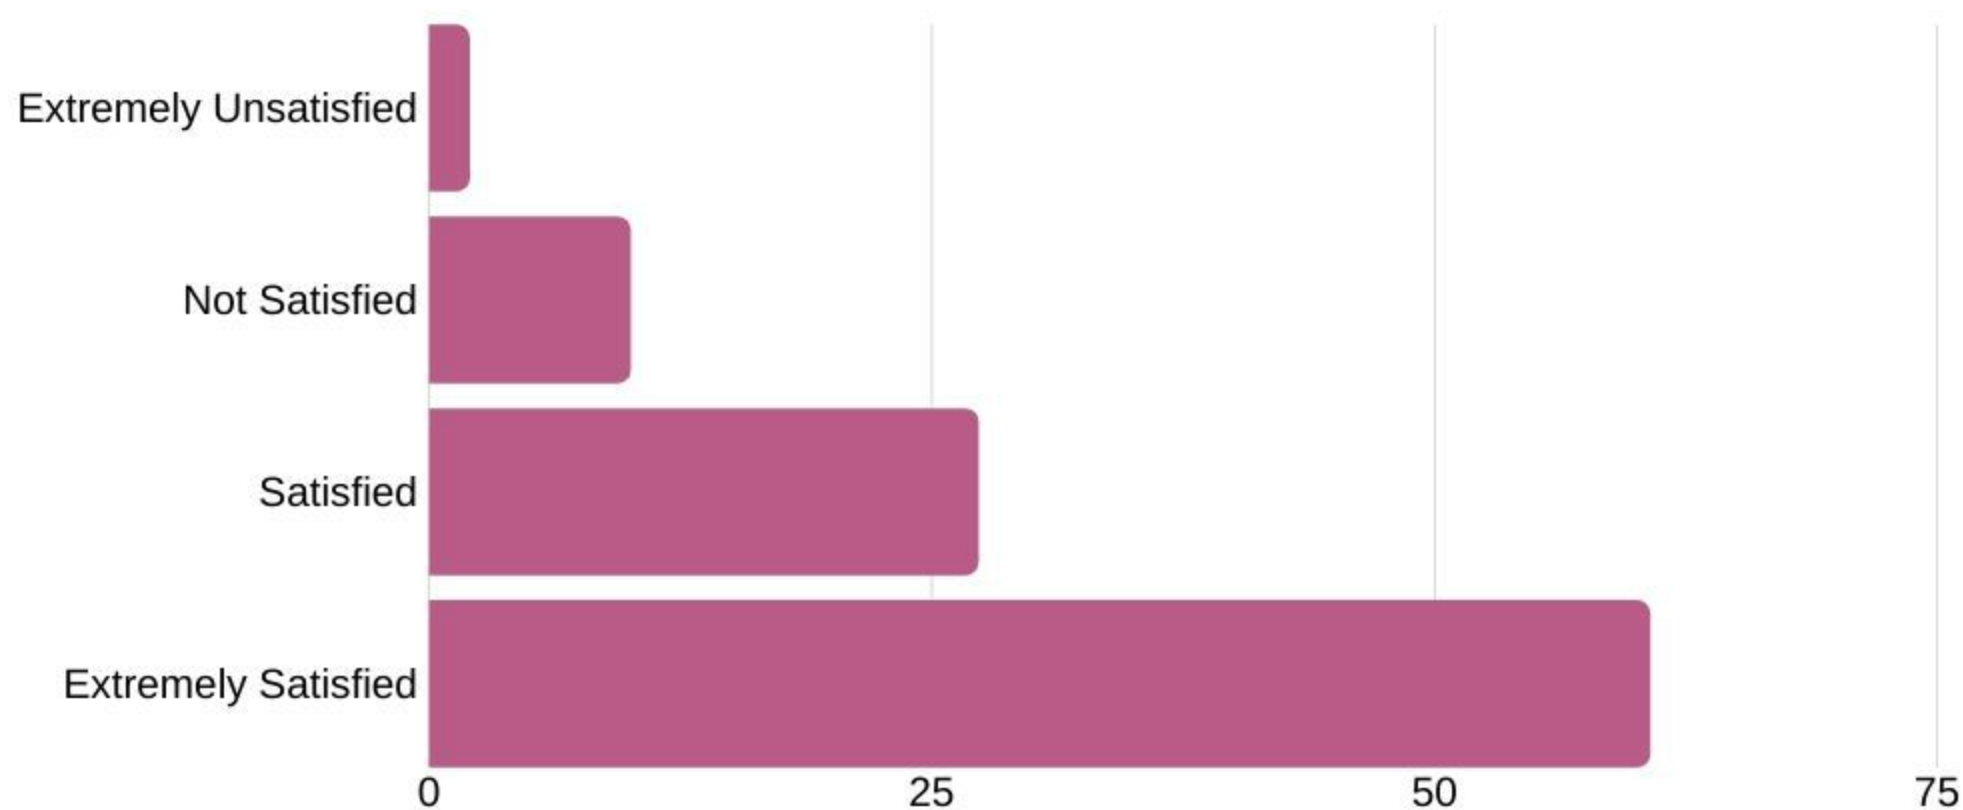

**World Heritage Day:** Classes VI & IX; Activity- write a paragraph on a historical monument and for class IX students, design stamp on the same topic.

**World Earth Day:** Classes V to VIII; Activity- a poster and badge on the topic "Climate Action"

**Declamation Contest:** Prepare a speech given by Corona Warriors who are sacrificing their lives to save the world. Students from classes VII and VIII made two-minute videos and sent those to a given email.

**Colouring and Drawing:** Class I - draw Apple & Mangoes and colour it. Students from class II- draw a bird using curves and lines.

(APRIL 1- APRIL 30)

**Sessions**  
**826**

**Days**  
**27**

## TEACHERS' REVIEWS

*Education going digital, as they say is "The New Normal". It is the need of the hour and has opened new vistas of technology. It has ensured that for students the learning goes on uninterrupted. The school management has given full support and guidance to teachers to impart e-learning.*

- Niti Gandotra, Teacher

*In today's scenario when everything has come to a halt e-learning has become the only way to get interact and made pupils to go through the process of learning. E-learning is something like to enhance one's ability to learn without direct interaction.*

- Preeti Bhola, Teacher

## STUDENTS & PARENTS' REVIEWS

*The session was brilliant and I was able to understand everything only the voice was not clear but I enjoyed a lot and want to attend the class once again.*

- Drishti Chhabra, Class IX

*It was an amazing experience attending the meeting today we were able to interact with the teacher easily and clear our doubts also.*

- Lavanaya Gupta, Class XI

*I really appreciate the excellent work by the school and the staff by offering such online classes. My daughter really enjoys the session. Thank you!*

- Gurnoor Kour's Mother, Class UKG

*Today online session was very good. I really appreciate with your guidance my daughter has developed confidence and thank you for your hard work in supporting my daughter to develop we are well aware of the effort you put into each child in your school.*

-Aradhya's Father, UKG

BELIEF ENHANCES LIFE

## MOMENTS TO CHERISH, REJOICE AND CELEBRATE - 25 YEARS OF CARMEL

Another milestone touched by Carmel Convent School Jammu was completing the wonderful 25 years of success and learning, on 5 April, 2020. By the grace of Almighty and continuous efforts of the staff and students, we have passed all the difficulties and this is the year of Gratitude because the school has so much to be thankful for.

***Hearty congratulations, warm felicitations and best wishes to the Carmel Family for achieving this milestone. Here's to 25 more!***
