

Holiday Homework

8TH A AND B

Have an amazing

HOLIDAY

Holidays

Although holidays are there for enjoyment, it is also essential to ensure that your child does not lose track of their education. It can be tough to keep kids entertained and educated during the holidays. But with a bit of creativity, it's easy to find fun and educational activities that will keep them busy and learning.

भारत 2023 INDIA

वसुधैव कुटुम्बकम्

ONE WORLD • ONE FAMILY • ONE

Project

HOST A QUIZ NIGHT

This can be a great way to get the family together and test their Holiday knowledge. You can make it as simple or complex as you like, and there are plenty of online quiz generators to help you out. Fix a date and theme, and let your family prepare for it. This will build a great sense of Holiday spirit and be one of the more fun educational holiday activities for kids.

English

1

Read any story book or novel.

Write the following about it:

- Name of the book/novel.
- Main characters.
- Storyline
- What did you learn from the book?

2

Prepare a journal of your daily activities in a separate notebook. Click some pictures and paste them to show how you have spent your holidays.

3

Watch any one of the movies listed below and write a short review about it.

- The Pursuit of Happiness
- Sing
- Wonder

Experiment with Mathematics

Holiday time is an excellent opportunity to experiment with science. There are so many fun experiments that can be done with kids. MATHEMATICS :

Make G 20 poster using triangles,squares,circles and rectangles for the flags of different countries.

Read a book together

There are tons of different holiday-themed books out there, so everyone is sure to find one that they will enjoy. Holiday-themed books are a great way to get into the festive spirit while spending some quality time with your kids. Reading together is an excellent way to bond and learn new things about the holidays. This is one of the great learning holiday activities for kids.

HINDI

Write essays about the different characters given and make your own separate essay book:
