Kindly make sure that your ward memorizes the Vision as this is what we vow to make Carmel for another 3 or more years depending on the situation. All the activities of the school will be based on this Vision - Mission Statements.

I am quite certain that the Physical PTMs, organized systematically have helped you to get some idea of the areas where your child needs improvement in academics. Now as the students are preparing themselves for the Term Exam and Evaluation. It is my earnest request that you help the child to write a sincere paper. The marks obtained are not as important as building up a sincere and transparent character. In the absence of teachers' physical presence, you stand before them as a model of integrity. Over the last two years, the innocent lives of our students have suffered a lot. Their all-around development has to come to a standstill. It is our moral duty to substantiate it in whatever way we can. I completely understand that you cannot take the place of a teacher as you have your household duties but I sincerely appreciate it if you spare some time to monitor the study pattern of your children.

I deeply thank you for your generous co-operation in all our endeavours. As the month of October brings in a host of festivities I wish you all the best and pray for God's Blessings on each of you.
